AALL Meeting in Florida

About forty persons from the Ohio Region met for breakfast Monday morning, June 14. It was a social, no-business gathering. Many new faces were in evidence from our area--and a few from "extended regions" such as Idaho and Texas.

Despite hot and humid weather, the Florida meeting was pleasant. There were good educational programs and a few business meetings with controversial votes. Roger Jacobs, as chairman of the Special Committee on Elections and Officers, presided over one such meeting. Activities were not wholly confined to the hotel, as we understand Kathy Farmann caught a trophy while deep-sea fishing.

ORALL Fall Meeting

When: October 29-30, 1971
Where: University of Windsor Law Library

We will have an opportunity to visit Windsor's new law building and library, opened last September. Bethany Ochal is planning the program for us and Roger Jacob is in charge of local arrangements at Windsor. The law school is located at the entrance to the Ambassador Bridge which connects Detroit and Windsor.

Specific directions and further information will be provided in late September or early October with a final announcement. PLEASE MARK YOUR CALENDAR NOW.

Retirement of Virginia Engle

We have learned of the recent retirement of Virginia Engle from her position as Librarian at the Akron Law Library Association. Virginia is a well-known and respected member of ORALL. One of our founding members, she served as this organization's first Vice President in 1949-50 and as its second President in 1951-52. It is impossible to list all of Virginia's services to ORALL over the years. She has been a faithful participant at state and national meetings and we hope she will continue to attend our programs. We wish Virginia many years of happy, healthful retirement.

Active ORALL Member Retires

Eileen Murphy of the General Motors Corporation Law Library in Detroit retired about a year ago due to illness. Eileen had a heart attack in 1969. We wish her (somewhat belatedly) a happy retirement and a recovery from her illness.
