## President's Message

On April 10, 1949 an organizational meeting was held in Columbus, Ohio and the Ohio Association of Law Libraries was born. The first meeting was held on November 10, 1950 also in Columbus with Ervin Pollack, President; Virginia Engle, Vice-President; Viola Allen, Secretary and Robert Mace, Treasurer.

Thirty-five years have passed but many of the problems discussed at the meeting still concern us. Through the appointment of two special committees: Constitutional Revision and Long Range Planning, we will be investigating where

we are now and where we want to go from here. AALL has drafted a model chapter constitution for us to consider. Additionally, a questionnaire dealing with long-term goals of chapters will be circulated for membership consideration.

I look forward to a successful fall and spring meeting. Elections will be held by mail ballot in September and results will be announced in October. Committee work will continue throughout the summer and many of our members will be attending the national meeting in San Diego. Have a good summer!

## 1984: The Future is Now

The theme of this year's meeting, "1984: The Future is Now," suggests where the profession of law librarianship is currently. 1984 had always been the future for millions of George Orwell fans, but now it is fast upon us. At the San Diego annual meeting, emphasis will be placed on the state of the profession in 1984 and projections for its future.

In keeping with the science fiction theme, the keynote address will be presented by B. Gentry Lee on Monday, July 2, 1984. Mr. Lee is the Chief Engineer for the Galileo Project, an unmanned exploration of Jupiter and its moons scheduled for the late 1980's. If you were a fan of the television series, *COSMOS*, you are already familiar with one aspect of Mr. Lee's career because has was co-producer of that series. Currently, Mr. Lee is Executive Vice President for Carl Sagan Productions.

While Program Chair Penny Hazelton (Supreme Court of the U.S. Library) and her committee have been hard at work lining up interesting sessions, the Local Arrangements crew has been equally active, and promises to have a variety of diversions ready for us. According to Local Arrangements Chair Jim Werner

(San Diego County Law Library), you will know you've come to the right place when your plane descends over Balboa Park and lands at an airport which is only a two-minute ride from convention hotels. Despite the nearness of the airport, you will be on an island in San Diego Bay where every hotel room has a scenic view.

The opening reception on Sunday will be held at Sea World Park, which will be closed at 7:30 p.m. to all but our members. Everything but drinks is included in the registration fee. You may come as early as 4:30 p.m. and visit the various exhibits. A cocktail reception will be held at the Penguin Encounter, the Seal and Otter Show will be put on for us, followed by a Mexican Fiesta Buffet in the Nautilus Pavilion. At 10 o'clock the Shamu Killer Whale Show will be performed for us, and the evening will end with a fireworks display.

Lynne Potter (National University Law Library) has also lined up tours to the San Diego Zoo, the Wild Animal Park, San Diego's Old Town, San Diego Harbor, the Old Globe Theatre, the Art Museum, the Natural History Museum, Museum of Man, the Space Museum and

a special shopping trip to Tijuana Mexico.

The convention hotels have amenities that will appeal to everyone. There are three swimming pools, a hydrojet pool and a tennis club. Hotel guests have available five miles of jogging trails as well as sailing, fishing and bay cruises from the hotel's private dock. The hotel has a health club, sauna and a guest laundry room. There is also free parking and complimentary airport shuttle service.

Last but not least, San Diego has benign weather. The average maximum for June and July is 74.7 and the average minimum for those months is 61.6 degrees. It is usually sunny at convention time, but there may be some chilly mornings and evening low clouds. Evenings can get chilly, so a light wrap is a good idea. Casual dress is acceptable almost everywhere, except in a few of the more exclusive restaurants which require a jacket and tie for men.

So mark your calendar for San Diego July 1-4, 1984 -- we'll look forward to seeing you then!

## PAALL Conducts Survey

The Phoenix Area Association of Law Libraries (PAALL) is interested in compiling statistics on salary and benefits for law librarians. They are especially interested in statistics regarding salary for each library position, size of collection, size of staff, size of firm (if applicable), and position requirements. If your library would be willing to share such information, your contribution would be greatly appreciated. All library names will be kept confidential. A copy of the results of

this survey will be forwarded to any interested group. PAALL is also compiling model job descriptions for all levels of library employment and would appreciate any sample job descriptions your library would care to submit. Any responses should be forwarded to:
